

FOR IMMEDIATE RELEASE: 09/18/15

## DSI Moves Headquarters to Larger Facility in “Data Center Alley”

**Chantilly, VA:** DISYS Solutions Inc. (DSI) will be moving its corporate headquarters to Ashburn, Virginia, effective September 21, 2015. Ashburn was recently labeled “Data Center Alley” and is located within the thriving Dulles Technology Corridor of Northern Virginia, near Dulles International Airport and major roadways of the Washington, D.C. region.

“We are very excited about this move, as it ushers in a new era for our company within a booming technology-based region,” said Atul Bhatia, DSI President and CEO. “Moving to the new office is a natural next step in order to better serve our customers. It also reflects DSI’s positive growth as we continue to expand our customer base nationally.”

The larger, newly renovated facility has more space to accommodate product inventory, labs, work stations, and meeting/collaboration areas. The address is 44670 Cape Court, Suite 100, Ashburn, Virginia, 20147. Additional contact information, such as new phone numbers, can be found at [disyssolutions.com/contact](http://disyssolutions.com/contact).
