## VITA Awards DISYS Solutions Inc. with IT Hardware & Services Term Contract

**Ashburn, VA:** The Virginia Information Technologies Agency (VITA) awarded DISYS Solutions Inc. with a two-year contract (with renewal options) for Network Wireless & Wired Hardware and Services. The contract is for Cisco and Meraki hardware as well as any services associated with the installation of network wireless/wired hardware.

“Our company history began in Virginia and we take pride in creating lasting relationships with statewide agencies,” said Alan Bechara, Sr. Vice President of Sales & Marketing. “The VITA contract is an excellent way for state and local entities to purchase the best hardware and receive expert installation service from an award-winning company.”

VITA is a unique organization, pioneering a 21<sup>st</sup> century model for Information Technology (IT) governance and operational excellence. The creation of VITA represents the most comprehensive reform of state government IT in the nation and firmly establishes Virginia as a leader in the use of technology in government. VITA’s services can be thought of as the IT utility that supports specific agency requirements as they endeavor to deliver citizen services. While the agency works directly with the citizen, VITA works with the agency as a 'behind-the-scenes' service provider.
