

DISYS Solutions Inc. Opens New Network Operations Center (NOC)

Ashburn, VA: DISYS Solutions Inc. (DSI) built a new Network Operations Center (NOC) at its corporate headquarters in Ashburn, Virginia. The NOC provides 24x7x365 support for customers in order to remotely monitor and manage networks and security devices.

“DSI has a state-of-the-art NOC managed by exceptional Network Technicians,” said Alan Bechara, Sr. Vice President of Sales & Marketing. “The upgraded facility allows the team to continue offering the best possible support for our customers, including around the clock security monitoring and award-winning customer service.”

The NOC is part of DSI’s robust offerings for Managed Services that include Asset & Facilities Management, Managed Cloud & Collaboration Service Provider, Managed Security Service Provider & Network Management, Managed VoIP (Hosted Voice), and Project Management & Engineering Support. Managed Services are cost-effective and help businesses run more efficiently because they allow DSI to assume full responsibility from start to finish (or as an ongoing service).
