

FOR IMMEDIATE RELEASE: 10/09/17

## DSI Achieves Gold Partner Status with Hewlett Packard Enterprise

**10/09/17 Ashburn, VA:** DISYS Solutions Inc. (DSI) is proud to announce that it has achieved the Hewlett Packard Enterprise (HPE) Gold Partner status for Server and Security. This designation signifies the ability of DSI to deliver the highest level of trust, specialization, and best-in-class products to our clients' businesses and IT environments.

The HPE Gold Partner status is based on outstanding achievement in selling a significant volume of HPE products and services, sales revenue, and technical and sales competency. As a Gold Partner, DSI demonstrates proficiency in designing, delivering, and supporting the entire line of HPE products. This ability is derived from the skills and expertise of DSI pre-sales consultants, engineers, and sales teams.

"We are excited to have risen to this important level of partner status with HPE," said Alan Bechara, Sr. Vice President of Sales & Marketing. "This recognition is the direct result of our investment and strong commitment to effectively deliver best-in-class technology solutions. The HPE Gold Partner status positions us for further success with our customers as we continue to drive the benefits of data center virtualization and network connectivity solutions that are based on products and services from HPE."

DSI provides a complete portfolio of professional and managed services which helps customers enhance the value of their IT investments across verticals such as government, education, healthcare, finance, and banking. Close working relationships through strategic partners have been key to our success. We strive for excellence, constantly improving ourselves, our teams, and our services and products. This drive to be the very best is why we are proud to add this Gold Partner status with HPE to our list of top tier partnerships.

**About DISYS Solutions Inc. (DSI):** DSI provides complete IT solutions and services that are secure, innovative, energy efficient, and cost effective. Our customers include State & Local Government and Education (SLED) entities, Federal agencies, and commercial companies. We hold nationwide term contracts that are supported by a team of industry professionals and certified engineers. We put the customer first and understand the importance of providing a valuable experience from start to finish. Our knowledge of current and emerging technologies is the foundation for providing solutions and services that increase productivity and create positive workflow for our customers. DSI is headquartered in Ashburn, Virginia, with offices conveniently located in Colorado, Florida, Georgia, Maryland, North Carolina, and Texas. We are a Minority-Owned Small Business created in 1991 by the current owners. Learn more at [disyssolutions.com](http://disyssolutions.com).
