## Cisco Renews DSI's Gold Partner Status

**12/18/18 Ashburn, VA:** DSI is proud to announce the renewal of their Cisco Gold Partner certification, the highest certification level within the Cisco Channel Partner program and a certification DSI has held since 2013 (DSI has been a Cisco partner since 2001). DSI qualified for the renewal without an audit, meeting all requirements for maintaining the Gold Partner status including personnel, support, specializations, and Hybrid IT.

Gold Certified

“DSI is honored to have our Cisco Gold Partner certification renewed,” said Alan Bechara, Sr. Vice President of Sales & Marketing. “Being a Cisco Gold Partner means that we have been recognized for our ability to sell, install, and support Cisco solutions at the highest level. We are very proud of all our employees and our organization for this achievement, and we aim to continue exceeding expectations.”

Cisco Gold Partners must have 12 uniquely certified full-time employees; DSI well exceeds that number, and many of them are Cisco Certified Internetwork Experts (CCIE). DSI is extremely proud of that fact because CCIE certification holders represent less than 3% of all certified Cisco professionals and less than 1% of networking professionals worldwide. Cisco also requires its Gold Partners to have the widest range of knowledge with multiple Cisco technologies, show extraordinary customer satisfaction, and hold the highest level of Cisco Lifecycle solutions expertise.

**About DSI:** DSI provides complete IT solutions and services that are secure, innovative, energy efficient, and cost effective. Our customers include State & Local Government and Education (SLED), Federal agencies, and commercial companies. We hold nationwide term contracts that are supported by a team of industry professionals and certified engineers. We put the customer first and understand the importance of providing a valuable experience from start to finish. Our knowledge of current and emerging technologies is the foundation for providing solutions and services that increase productivity and create positive workflow for our customers. DSI is headquartered in Ashburn, Virginia, with offices nationwide. We are a Minority-Owned Small Business founded in 1991 by the current owners. Learn more at [dsitech.com](http://dsitech.com).
