DSI Achieves ISO 9001 Certification

01/11/21 Ashburn, VA: DSI, an industry leader in IT solutions and services, is pleased to announce today that it has earned the ISO 9001 certification. The comprehensive system audits covered every aspect of operations.

"Everyone at DSI is completely dedicated to the pursuit of quality. By scrutinizing our operations at every level, we assure that our customers are receiving superior service and the highest quality products," said Alan Bechara, DSI Executive Vice President. "Fulfilling the strict requirements of the ISO 9001 standard highlights our focus and commitment to deliver total customer satisfaction."

ISO 9001 is a quality management system standard that was developed by the International Organization for Standardization, which is an association of governmental and nongovernmental organizations from many countries. The ISO 9001 standard is utilized to certify quality management systems that focus on continuous improvement, customer satisfaction, and the active involvement of both management and employees in a process-based approach.

"DSI has demonstrated its commitment to world class quality management by implementing and becoming certified to the ISO 9001 standard. They have joined an elite number of organizations worldwide who have achieved certification to this globally recognized quality standard," said Randy Daugharthy, Director of the Registrar Program at the Performance Review Institute Registrar. "PRI Registrar is proud to partner with DSI in this accomplishment and look forward to continued support of their objective of quality excellence."
