U.S. Navy Selects DSI for SeaPort-NxG Contract

08/04/21 Ashburn, VA: DISYS Solutions Inc. (DSI) has been awarded as a vendor on the SeaPort Next Generation (NxG) contract by the U.S. Navy and will have the opportunity to compete for task orders in support services such as engineering and program management.

The Navy is awarding 600 Indefinite Delivery Indefinite Quantity (IDIQ) Multiple Award Contracts (MACs) to businesses in locations across 29 states and the District of Columbia. The government estimates approximately \$5 Billion in services will be procured per year via orders issued under the SeaPort-NxG MACs. The contracts have a 2.5-year base period of performance with an additional five-year ordering period option and were competitively procured via Federal Business Opportunities (FedBizOps).

“The SeaPort-NxG contract award illustrates DSI’s wide capabilities for secure and efficient IT solutions and services that support the Navy’s mission objectives,” said Alan Bechara, DSI Executive Vice President. “We strive to be the Navy’s top trusted partner and, with the help of our highly skilled & innovative team of engineers and project managers, look forward to meeting their IT goals for years to come.”

[SeaPort-NxG](#) is the Navy's electronic platform for acquiring support services in 23 functional areas including engineering, financial management, and program management. It provides an efficient and effective means of contracting for professional support services and enhancing small business participation. The Navy Systems Commands (NAVSEA, NAVAIR, NAVWAR, NAVFAC, and NAVSUP), the Office of Naval Research (ONR), Military Sealift Command (MSC), and the United States Marine Corps (USMC) compete their service requirements among 1800+ SeaPort-NxG Indefinite Delivery Indefinite Quantity (IDIQ) Multiple Award Contract holders. The Navy conducts rolling admissions to allow new industry partners the opportunity to participate.
